OM Club

President's Memories Peter Wakeham (1960 – 1965)

Peter Wakeham presented a booklet to everyone who attended his Annual Dinner. His introduction in the booklet describes his memories of a year in office as President.

"It's people that matter, not places. That's my overriding memory of the events and venues that I have attended during my Presidency. Sure, I have visited some terrific cities, but what I have most enjoyed has been the opportunity to engage with long standing friends, re-engage with long lost friends and meet new ones. Hopefully, along with the fun I have had personally, I have succeeded in enthusing everyone with my conviction that the OM community is one to be treasured and that the OM Club is making great progress as

it adapts to an exciting, albeit challenging, future. I couldn't have done it without Anita's unflagging support, common sense and occasional (necessary and deserved) bullying....."

Armistice Day 2014

121 of the poppies planted at the Tower of London were for Old Millhillians. Seven had been head boys in their time and a further 32 were monitors. More than twenty were Oxbridge Scholars and double that had represented first teams in major sports. There were 1100 OMs then in the services and between them they won 22 DSOs, 115 MCs, and nine DFCs, just to mention a few of their decorations.

On the first gathering of OMs after Armistice Day in 1918, a special service in the school chapel took place to commemorate the fallen. Sir John McClure addressed the congregation and his closing words were:

'....some of us feel that just to be present here today; to realize how close they are to us; to give free play to the thoughts that stir within us as we strive to offer those prayers and thanksgiving which lie too deep for words, and which no one but God can know or understand; this is the greatest tribute and memorial of all. Words, however sincere, seem almost a sacrilege; only by silence can we truly express our sorrow and joy, our pride and humility, as we think of those whom we seek to honour with deepest mourning, yet with reverent thanksgiving. We are the poorer by the loss of so many brave and gallant men, but richer – incomparable richer – by the inspiration of their example and the precious memory of their life.'

Michael Henderson (Weymouth 1946-50)

President's Progress

Dr Russell Cowan
(1958 – 1963)

7th November – Northern Dinner in Manchester

'....I opened my speaking account with a review of the Club's main projects, not least Lifetime Membership. It was a particular personal delight to meet for the first time since 1960 my old fag master, Stan Whyte, who brought along his dirty rugby boots for me to clean!!'

11th November – Armistice Day

'I had the honour of laying a wreath on behalf of the Old Millhillians Club and read a lesson in the Chapel.'

21st November – South West Dinner in Taunton

'On a personal level, I was delighted to catch up with John Milnes (53-58) who played in the same OMs rugby team with me about 40 years ago. His recollections of our post-match fluid replacement measures were chastening. This pleasant evening concluded with Paul Audemars (52-57) in the bar of the Castle Hotel when he and I put the world to right.'

28th November – Golf Society Dinner

'I congratulated the Society on its popularity and the relative youthfulness of its membership, while hoping that many of them would look favourably upon the Lifetime Membership opportunity.'

'Your President tried to put in a good performance in the post-dinner warm down, out-lasting some with lower handicaps, before returning to the locker room for a rest.'

Northern Dinner, Russell Cowan with Peter Belshaw and Nick Gregory (right)

Golf Dinner

OMs Day

OMs Day took place at the School on Saturday 20th September. Although it was a cloudy day the rain stayed away and OMs were able to enjoy an outdoor lunch on the Headmaster's Lawn.

A reunion of 1984 leavers took place in the OM Room prior to the lunch and we were particularly pleased to welcome former Masters Tony Armstrong, Paul Bickerdike, Christopher Dean, Tim Stringer and former Headmaster Alistair Graham. Philip Thonemann who still teaches at the School also dropped in after Foundation Day assembly. The new merchandise, designed by sixth formers was unveiled and OMs and parents were able to purchase the new items.

OMs Day - Andy Mortimer, Head Girl Chloe Noble and Jim Kent.

Toronto Dinner

On Saturday September 27th 2014 at 6.30pm we got together at Adega Restaurant in Downtown Toronto for drinks dinner and renewing old friendships.

We had the pleasure of the company of Peter Wakeham, OM Club President and his wife Anita.

Those who answered the call were: Rafean Seraj & Nicole Mendes, John Henley, Roger & Claudia Holliday, John Vincett & Pamela Wheaton, Donald & Karen Haigh, Chris & Suzanne Ellis, Simon Parry, John Whyte & Kathy Meachen, and John & Estelle Oldroyd.

The following could not attend this year, maybe next time: Robin Ball, Bob Angel, Charles Clarke, Tim Fanstone, Rick Rickards, and Manjit Takhar.

As usual John Vincett gave us an informative and entertaining speech as only he can. Peter Wakeham brought us up to date with Old Millhillian events. The evening was very lively with old friends meeting and some new ones. We were happy to see Rafean, our youngest recruit and relatively recent arrival in Toronto.

We look forward to receiving Russ and Gill Cowan next year at Adega Restaurant again on September 26th 2015.

John Oldroyd (Scrutton 1958-63)

Northern Dinner

On the 7th November the OMs Northern Dinner took place at the St James's Club in Manchester, our usual venue. There were 19 of us altogether, Peter Belshaw, MC for the first time, could not help noticing that at the tender age of 58, he was the youngest OM present.

That said it was an extremely convivial dinner, and we were delighted to welcome back Michael Glendonbrook after a longish absence and also to see Peter Huston again, despite the fact that he is resident in Italy.

The Headmaster had been unable to attend and his place was taken with great enthusiasm and enjoyment by Nick Gregory, Deputy Head (Pastoral) who gave us news of the school and proposed a toast to the Club, and Russell Cowan was in attendance as the newly installed President of the Club. His talk about the Club was informative and amusing – a good opening event for his presidency, for which he received warmest best wishes.

The St James's Club's hospitality was greatly appreciated; a substantial contingent was still present at nearly midnight. The dinner next year will be on the 6th November.

Peter Belshaw

A three day visit to the Ypres Salient, and an immersion into the war history of the area.

Save the Date

European Weekend in Ypres in Spring 2015

Peter McDonough former Deputy Head at MHS is proposing a trip to Ypres in Spring 2015. The plan is to have 10-12 couples or 24 people maximum. It would be a long weekend and tourists could stay on if they wished to. This would include a visit to Ypres and possibly a drive to the Somme. Peter would draft the itinerary and as pointed out by OM Keith Hobbs, there is no MHS War Memorial plaque at St. George's Church in Ypres. It would be good to have one since evidently lots of schools who lost former pupils do have a plaque.

There is a possibility of attending the daily Last Post Ceremony in Ypres (and perhaps securing preferential spot as it gets very busy) if OMs would like to lay a wreath at the ceremony.

Details will follow.

The most memorable event of our visit was taking part in the Poppy Day Parade, being presented with wreaths in the Menen Gate as part of the remembrance service.

It was a dignified and moving expression of thanks to a lost generation, and the honour which the residents of this town continue to bestow on the fallen was impressive beyond words. My wreath was inscribed, 'To all Old Millhillians who never came back. They will always be young.'

OMs who have not visited the school website and taken a look at the meticulously prepared Roll of Honour should do so, and note how many boys who, within a short time of leaving the school, had given their lives in this awful struggle. And if you haven't done so yet, try to find the time to go to Ypres; it will change your perspective on life.

Peter Belshaw (Ridgeway 1969-74)

Obituaries Booklet

Due to constraints of space, we are unable to print obituaries in the School Magazine or Martlet.

We will therefore be producing an 'Obituaries Booklet' consisting of all the obituaries that are currently on file in the Club office.

This booklet will be made available to Club members and should be ready for circulation by spring 2015.

Please send us information on Births, Deaths and Marriages as well as any general news, views and achievements. We would like to hear from OMs far and wide.

OM Deaths

* exact date of death not known

This list consists of information notified to the Club office. The asterisked dates are estimated as exact date of death is unknown. Sometimes, the office receives returned mail with no date of death given.

Alford House

Membership of the Club remains high and young people continue to take part in a variety of activities, including, football, unihoc, cricket, badminton, snooker, art, music production, information and communication technology, and health and fitness training.

These are supplemented by some "one off" activities such as a healthy eating cooking course over an 8 week period in October and November.

Club members are presently involved in setting up a new energy company in Vauxhall, London. Yes, no typing error, they really are working with the community to introduce solar power onto the roofs of local authority housing and establishing a community owned energy company.

In September the club's over 16s team again got the chance to play at Arundel Castle Cricket Ground and this time on the main square. It is a real privilege to play on what is now considered one of the best cricket squares in the world. Incidentally, they ran out winners of this one-day round robin competition.

Young people, staff and management have established organisational systems and structures that support young people to initiate and lead activity, to work with and share ideas with staff and management and to direct spending on service delivery.

Nigel Baker (55-61) nigel@alfordhouse.org.uk

Changing Times

Life Membership

Since its original foundation, membership at the Old Millhillians Club has been optional for anybody who has passed through the school with an annual subscription being payable.

It has however become clear that more needs to be done to encourage and attract younger members into the club, who are prepared to play an active part in ensuring that the club continues to thrive and make a full and proper contribution to the life of the Foundation generally, but especially the Old Millhillians Club.

The Management Committee and prominent members of the Foundation set about to establish a basis on which younger members of the club, whose membership on leaving the school has been secured for the first 7 years after the date of leaving, can continue as members but without the burden of paying an annual club membership subscription. With this principle in mind, a Life Membership plan has been established.

Life Membership Receives Popular Support

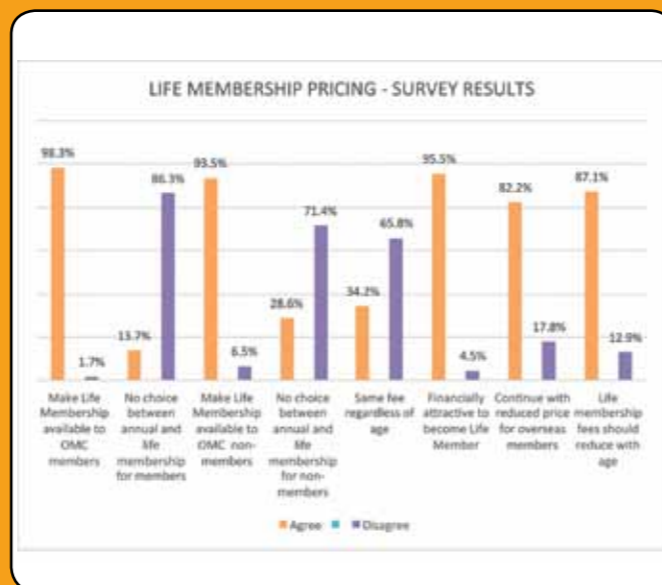

The gradual roll-out of life membership subscriptions is under way. 83% of parents of pupils joining Mill Hill in September 2014 have decided in favour and will pay the £300 subscription in six term instalments of £50.

Following this success, the Old Millhillians Club Committee decided to canvass the opinions on life membership of Club members who are currently paying the annual membership subscription of £35 (overseas £24).

Response to the research has been excellent (34.8%) – so many thanks to the 310 members who completed the survey.

Results clearly indicate that members believe that a life membership alternative should be offered to members and non-members, with a lower fee for overseas and older members.

The Committee now plans to develop a life membership fee structure and, following further consultation with members, expects to roll out the programme during 2015.

Your Opinion Counts

"The Club Office has invested in software ("Survey Monkey") that will enable us to understand member needs and expectations simply and quickly. We have used it successfully for recruiting Governor candidates, canvassing member opinions on life membership pricing and seeking volunteers for our careers development programme. Please respond to these surveys when requested and help us shape how the Club develops and improves."

NEW EVENT

Young Entrepreneurs Event

Wednesday 11th March

Venue: tbc
Organiser: Zu Rafalat (Weymouth 1996-98)
 zu@cultandcommerce.com

Thanks to the huge successes of well-known tech start-ups from Facebook through to Snapchat, it seems everyone wants to be an entrepreneur. But what does it take to branch out on your own?

This event is for current and former Millhillians who are interested in either setting up their own business or simply to breathe new life into their current one. There will be a particular focus on technology and the importance of embracing the opportunities that lie within the digital era.

Zu Rafalat is MD of Neo-kin, specialising in helping brands navigate the digital landscape and better engage their audiences. She is involved in a number of tech start-ups and won the IBM Iris Award for Innovation in Technology at the Natwest Everywoman Awards in 2011.

NEW EVENT

Media and Communications Event

Thursday 23rd April

Venue: Frontline Club, London
Organiser: Caroline Hepker (Weymouth 1993-95)
 BBC journalist and broadcaster
 caroline.hepker@bbc.co.uk

Mill Hill is excited to invite current and former Millhillians to the first Media and Communications dinner which will be hosted by **Caroline Hepker**.

The event will be held at the Frontline Club in Paddington – regular haunt of foreign correspondents, photo-journalists and documentary film-makers.

Over dinner, Caroline will discuss news in the digital age ahead of May's UK general election. Questions from budding journalists, current media practitioners or just those with a strong opinion on the headlines would be welcome on the night.

OM Golfing Society – Proposed Ladies Section

As the result of an initiative by Peter Wakeham, the immediate past President of the OM Club, a proposal is being pursued to establish a ladies section for the OMGS.

In order to start the process, an inaugural meeting is planned during the summer of 2015. The format will be mixed foursomes played according to Stableford rules.

It is intended to have a light lunch followed by an 18 hole afternoon round and ending with cocktails and a prize giving. It is hoped that there will be a number of additional guests for the prize giving including, subject to availability, representatives from the School and from the Management Committee of the Old Millhillians Club. This inaugural event will be open to people who are connected with Mill Hill as well as to Old Millhillians of both genders. Anyone who thinks they might be interested in participating is encouraged to contact the Old Millhillians Club office (Ann Bunyard) to register their interest. This is a very appropriate moment for sports clubs connected with the Old Millhillians generally to foster and encourage active participation by lady Old Millhillians, following the merger of the Mount School and the Foundation and the growth in the numbers of female students now studying at the Foundation's Schools.

Dean Halford, the Director of Golf reports that girls' golf is the strongest it has ever been at the school and that Priya Pankhania is becoming a star player who is likely to be competing to be Captain of the school golf team during the course of the next couple of years.

Careering Ahead

The Club is keen to expand the scope of its career development support for Mill Hill students and OMs. As we go to press, a Careers questionnaire has been circulated to gauge the interest of OMs in leading and taking part in future initiatives.

In 2015, professional networking events will be held for Property, Engineering and Finance with inaugural events such as a Medical Symposium, a pre General Election Media and Journalism evening and Tech entrepreneurs event. Check the Club calendar for full details and watch out for more information in the monthly e-newsletter and on the Club's Facebook page.

Our plans are ambitious and will hopefully prove beneficial to students and OMs. Many thanks in anticipation to everyone who volunteers.

Conservation of Copy Book

One of the recent accessions to the archives is a copy book dating from 1962-63.

Unfortunately it was badly damaged and someone had tried to 'repair' it with sellotape.

This is the worst possible thing to do!

Apart from not working, the tape dries out and leaves a sticky residue, which can only be reduced but not completely removed. Fortunately I was able to arrange to have the book conserved by an accredited book conservator and although it will never be pretty, at least it can be handled now without incurring further damage. Above are a couple of before and after images courtesy of the conservator.

Although for obvious reasons I can't give names, OMs might be interested to read about some of the misdemeanours from 50 years ago. At the front of the book is a list of punishments that could – and could not – be meted out by prefects and monitors.

Most of the 'crimes' are what one might expect – late for prep,

talking, bad manners, etc. I wonder what **'Stupidity in the extreme'** amounted to? Others that are somewhat unusual are **'Exceeding the time allowed for a bath'**, **'Eating before grace'**, **'Reading at table during lunch'** and **'Reading illegal books in prep'**. And the single word **'Evil'** begs a lot of questions!

Archive conservation is not cheap, as most of the processes are done by hand and I am very grateful that money was found for this work. I would normally say that any OM was welcome to look at the book but I have to consider the Data Protection Act which applies in this instance!

Kate Thompson, Foundation Archivist

Nobis et Scholae

Mill Hill has always been a busy place but this term has seen even more activity than usual. In September, we welcomed Mrs Kate Simon as the new Head of Grimsdell and I am delighted (not least as a current Grimsdell parent) to report

that she has made a wonderful start to her time with us. Meanwhile, work continues apace to prepare The Mount, Mill Hill International for the arrival of its first cohort of pupils in September 2015. I am greatly enjoying working with Mrs Sarah Bellotti, the School's founding Head, as we plan the refurbishment of the former Mount School site and the recruitment of the first teachers and pupils. Many Old Millhillians have commented to me that this is a wonderfully exciting and significant development for the Foundation, and I could not agree more. It is a real privilege to be part of such a momentous project which will bring us great benefits for decades to come.

At the end of the summer, we received this year's public examination results and I was delighted that our pupils again secured excellent grades, including our best ever Lower Sixth Form AS level results and our second best A level results. The consequence of the latter was that our leavers headed off to a range of prestigious universities in the UK and abroad, whilst the former holds out the prospect that the current Upper Sixth will do at least as well. Their success is certainly well deserved, given the levels of academic application and ambition that have become so deeply and palpably embedded within the School.

Away from the classroom, our pupils have continued to immerse themselves in a huge range of sporting, creative and intellectual endeavours and I never cease to be amazed by their sheer energy and

appetite for achievement. Equally, I continue to be hugely impressed by their fundamental decency and strong set of values. Such things were clearly seen at our traditional Call to Remembrance on 11 November. As the School processed silently in pairs through the Gate of Honour, it was evident that they both understood the significance of the occasion and deeply appreciated the sacrifices that had been made by so many of their predecessors. To see the current generation of pupils celebrate the fallen with such quiet dignity was truly uplifting.

The great sadness of the term was the news that Mrs Pauline Fraser, the wife of the Bursar and an inspirational teacher at Grimsdell, had died after a short illness. Many current and former colleagues, Old Millhillians and others joined us in the Chapel on 15 November to celebrate her life and give thanks for all that she did for her many pupils. She is greatly missed and our thoughts are with Bruce and their daughter, Jessica, at this time of great sorrow.

As I write, we are looking ahead to the end of term and particularly the Service of Nine Lessons and Carols. This year's should be very special as the Chapel Choir are in particularly good voice, having recently returned from three highly successful days singing Evensong in Canterbury Cathedral.

It remains a great honour for me to be able to lead the Foundation and I continue to derive particular support and friendship from members of the Club. Andy Mortimer is by any standards an outstanding Chairman; Peter Wakeham had a superb year as President and Russell Cowan has embarked with great aplomb upon his Presidential term of office. The Club is clearly fortunate to be in such very good hands, and the School is equally lucky to have such a supportive network of former pupils. For that, I am grateful to you all.

Dr Dominic Luckett – Headmaster

"Life is a Cabaret, oh boy; come to the Cabaret"

The School's major dramatic production in 2015 is Cabaret. This will be in The Large (February 10th-13th) showcasing for the first time the restored stage and new sound and lighting equipment.

The Development Office is hosting a reception at 6pm on Wednesday 10th: guests will hear something historical from Gerry Westoby (Ridgeway 1956-61) who is coordinating the history of the Middlesex Scheme and about the exciting plans to offer young people a better chance in the future through the new bursary fundraising initiative. All OMs interested in bursaries past and present will be welcome. During the year we shall also be unveiling new initiatives amongst professional groups.

The School is embarking on an exciting relationship with The SpringBoard Bursary Foundation which has been set up to identify pupils from disadvantaged backgrounds who would most benefit from education at

top boarding schools around the country.

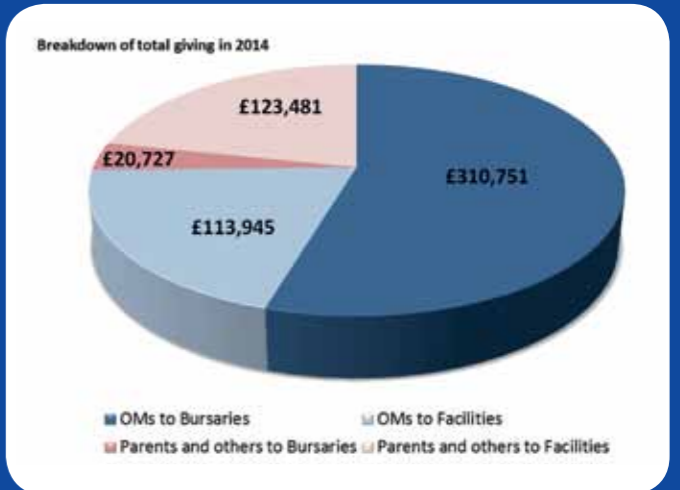

OMs contributed significantly to the fundraising efforts which raised over half a million pounds in 2014; as the diagram below shows, there is a real affinity between OMs and bursaries. We want to capitalise on this.

While the ABC campaign is the top priority efforts will continue to support other aspects of School life. The wonderful generosity of Roger Graham (Collinson 1952-57) has been recognised in the identification of The Graham Laboratory in the Physics Department. Others have 'Added their DNA' through buying an element in the Periodic Table.

At the heart of the new campaign Moving Forward is giving the largest number possible the chance to participate. We are in touch with around 6000 Old Millhillians and Old Belmontians. It takes just over 100 giving £15 per month to give one young person a better chance. A key part of achieving this will be the telephone campaign in July 2015. Recent leavers will be telephoning Old Millhillians, talking about their experiences of Mill Hill then and now, encouraging them to come to events, to be part of the Old Millhillians Club and indeed to contribute to the ABC Bursary campaign.

Nick Priestnall, Director of Development (np@millhill.org.uk) If you haven't had a chance to look at the new website, please do. www.supportmillhill.org.uk

OM Masonic Lodge

The Old Millhillians Masonic Lodge held its Annual Installation Meeting on Thursday 13th November. Our New Master, Asif Chatoo (Burton Bank 1982-87), was installed with all the ceremony that accompanies this once a year event. Grahame Elliott CBE (1952-57) was the installing master concluding his year in office, marked by happy meetings and a donation to the School Bursary Fund from the lodge members. David Roe (1960-65) continues his excellent work as secretary, and Clive Sutton (1969-74) as treasurer. Asif was initiated into the lodge seven years ago and has progressed in the best of the Old Millhillian Lodge

tradition with the right combination of enjoyment and formality. Our lodge reflects the school and although the lodge is now 77 years old its future is looking strong offering all new members the best of what masonry can offer, but in a particularly Old Millhillian manner.

We would welcome more Old Millhillians into our lodge either being initiated as new members or existing masons coming in as joining members. We meet in the City three times a year and enjoy our evenings which follow the Masonic virtues of charity and brotherhood reinforced by the common bond of the school.

Steve Wennington

North America Newsletter

The Development Office has started producing a 'North America' e-newsletter for all OMs and OBs based in North America.

It will include fund raising news and initiatives as well as anecdotes and general information.

Not to be confused with the Old Millhillians Club e-newsletter produced by the OM Club office on a monthly basis for OM Club members worldwide.

Annual Dinner

The Club's annual dinner took place on the 10th October at 11 Cavendish Square.

Peter Wakeham President welcomed over 200 guests at the stylish venue which was a near record breaking number of attendees.

Peter had produced a booklet showcasing the events he had attended and the OMs he had met throughout his year in office and the booklet was a creative way to record his thanks.

Dr Russell Cowan was passed the Chain of Office to become the new President of the Club and Tim Corbett was welcomed as the new Vice President. It was a successful evening and thoroughly enjoyed by all.

A selection of photos taken by OM Stephanie Kalber can be seen here.

Young at Heart Dinner at the National Liberal Club

Early one morning in February this year I received a very unexpected telephone call from OM Chris Davies (Murray 1967-72). Chris and fellow OM Vik Gudenian (School House 1968-73) wanted to invite me to their annual dinner for old rugby friends known as 'Young at Heart' at the National Liberal Club on Wednesday 12th November, as a tribute to Tim my late husband. I was informed that I would be the only lady in a group of approximately 70 men, I was extremely surprised to say the least! My son, Simon, also an OM, encouraged me to attend saying that I would really enjoy myself. Not one to pass up on the challenge of spending an evening in the company of 70 men I duly accepted.

As the date got closer I questioned the wisdom and my sanity of having accepted the invitation but Vik was insistent that I should come and promised that I would be looked after very well which, indeed, proved to be the case.

On arriving at the NLC I straight away bumped into Chris Davies and Paul Witten and when I arrived in the library where

drinks were served there were many OMs whom I hadn't seen for a long time and many whom I see on a regular basis. The OMs are, by and large, a wonderful group of individuals who are always very polite, friendly and able to talk to anyone.

I was escorted into dinner by Andrew Kenning, an old friend of Tim's, and during the course of the evening tributes were paid to Tim, Francis Mann and John Reid. Tales were told, songs were sung and a very convivial time was had by all.

Vik Gudenian works very hard at organising the dinner and he certainly succeeds at getting a very eclectic bunch of OMs and friends together who all seem to enjoy spending time in each other's company. Long may it continue.

A huge thank you to Vik and Chris for inviting me - I'm sure Tim would have had a good laugh if he had known because he knew how much I like parties and meeting people and Simon was right - I did enjoy myself.

Ann Bunyard

Property Dinner

Graham Chase has taken over the Chair of the "OMs in Property Group" from Stuart Hibberdine who has been the Chairman since the group first came together over 25 years ago. Michael Peskin continues to organise the group.

Our thanks go to Stuart Hibberdine for his years of loyal service. Graham writes,

'Stuart Hibberdine is a Past Master of the Worshipful Company of Chartered Surveyors and has for many years given me great advice and guidance in many areas which has been of significant benefit to me. It is a privilege to take over from his careful and successful stewardship of the OMs in Property group which has grown from half a dozen members to about 100.'

South West Dinner

Twenty six gathered in the pavilion at the Somerset County Cricket Club in Taunton for this biennial dinner. Robert Priestley (70-72), our host, arranged a very good meal preceded by a 'grace' thoughtfully delivered by Michael Henderson (46-50) and dedicated to the words of Sir John McClure when he spoke in 1920 of those Millhillians killed in World War I.

After the meal Rodney Coffin (55-58) stepped in at short notice and amusingly reminisced on his time at Mill Hill before offering a toast to the School. The Headmaster replied and briefed the group on current developments in the Foundation, in particular the Mount International School project. I reported to the guests

on the Lifetime Membership project and on the measures the Club is adopting to make itself more pertinent and valued by the forthcoming increasing number of young members.

Nick Priestnall described the current effectiveness of the bursary schemes and gently encouraged those present to consider making small regular contributions towards this important initiative. On a personal level, I was delighted to catch up with John Milnes (53-58) who played in the same OMs rugby team with me about 40 years ago. His recollections of our post-match fluid replacement measures were chastening. This pleasant evening concluded with Paul Audemars (52-57) in the bar of the Castle Hotel when he and I put the world to right.

Russell Cowan

Year group reunions at Mill Hill School

1965 Leavers' Reunion on Saturday 13th June

Richard Barker/Chris Maunder Taylor/Martin Sykes/Peter Wakeham are all helping to organise a reunion of 1965 leavers. Please spread the word amongst your contemporaries. We have no contact information for the 1965 leavers listed below so if you know of their whereabouts, please do get in touch with us or ask them to contact:

Shalaka in the Club office e: sk@millhill.org.uk

Newsholme	Richard John

Golfing Dinner & AGM

The OMGS held its Annual General Meeting and dinner on the 28th November at Home House. Over 50 members attended the evening and elected Anthony Ward to be Captain for the next 2 years succeeding Tony Smith who completed his tenure as Captain by handing over the "Captains putter" to Anthony.

Match results during the year included two wins, one draw, three losses and in the triangular match we came third out of the three competing teams. For our Society however particularly in social games, it is the taking part rather than the winning that matters and we maintain many friendships and have much pleasure.

Home House provided an excellent dinner which was greatly enjoyed by all those who attended which on this occasion included a number of guests in particular Dean Halford, Director of Golf at the London Golf Academy at Mill Hill School as well as the Captain, Jordan, and Vice Captain, Rishi of the School Golf Team. The evening concluded with an auction of four specially presented lots raising £3,000.00 towards the Foundation Appeal.

Achievers

From left to right:
Lady Davies, Senior Warden; The Right Honourable the Lord Neuberger of Abbotsbury; Mr Graham Chase, Master of the Worshipful Company of Chartered Surveyors (OM); Mr Nigel Wray (OM); William Hill, Junior Warden.

Graham Chase

Many congratulations to Graham Chase (Burton Bank 1966-72) on his significant achievements – Graham reports...

'I was installed as Master of the Worshipful Company of Chartered Surveyors on Monday 20th October 2014 at Plaisterers Hall. My two guest speakers were Mr Nigel Wray (OM) City of London entrepreneur and investor and Chairman of Saracens Rugby and The Right Honourable the Lord Neuberger of Abbotsbury, President of the Supreme Court of the UK and former Master of the Rolls. There were 300 at the dinner which included several Old Millhillians; Marcel Mann and his wife Cheryl, Lt Colonel Ashley Manton and his wife Melanie, Stewart Wernham and his wife Gina, Viken Gudenian, John Sleath and his wife Sandra, Graham Drake and his wife Angela, Archie Galloway, former Master at Mill Hill Tim Corbett who taught me with his wife Robin and the Headmaster of Mill Hill Dr Dominic Lockett and his wife Cara.'

Alex Loudon

Alex Loudon (Weymouth 2003-08) designed the commemorative 50 pence coin for the Glasgow Commonwealth Games. It was a major achievement for 24 year old Alex who has previously won the Product Design prize whilst he was at School and studied Product Design at Falmouth University.

Alex was working for 'Tangerine' a consultancy company when he was appointed by the Royal Mint to design the 50 pence coin. Alex's initials are on every single coin. 60 million coins were minted and put in circulation in Scotland in time for the Games.

Alex is now at the Royal College of Art. You can read an interview with Alex on the royal mint blog. <http://blog.royalmint.com/glasgow-2014-50p-design/>

Simon Gerrard

Congratulations to Old Millhillian Simon Gerrard (McClure 1981-86) who has been installed in the prestigious role of the President of the National Association of Estate Agents one of the leading industry bodies.

Martyn Gerrard Estate Agents is a family run business and celebrated 50 years in business this year. Set up by Martyn, who remains as Chairman, the Company is run by his son Simon as Managing Director.

Mason Caton-Brown visits MHS

The School was delighted to welcome rising star OM Mason Caton-Brown (Ridgeway 2009-11) who visited recently and spoke to members of the 1st XV and U16 teams and gave a coaching session on the offload.

Mason was vice-captain of the 1st XV (coached by Graeme Turner and Alun Rise) and represented the Independent School Barbarians team on their tour to Zimbabwe. He has, this year, finished his first full season of playing pro rugby league in the Super League, firstly for the London Broncos and, because of his

exceptional performances with them, was scouted by numerous Clubs and has now signed for the Salford Red Devils, scoring an exceptional try on his debut. The try and his recent interview on BBC Sport can be found here <http://www.bbc.co.uk/sport/0/rugby-league/28315744>

Tom Lindsay

Another rising star is Tom Lindsay (Priestley 2001-06) who is looking forward to the move from High Wycombe to Coventry with WASPS.

Shahi Ghani, Chad Vigano & Dan Stern

The Evening of Tuesday 25th November saw the return of 'Unplugged' at Mill Hill to its original form of an informal jamming session in an intimate performance space. Pupils auditioned for the opportunity to perform with their own bands or alongside a professional house band.

We were delighted that 'Room 6', made up of OMs Shahi Ghani (Atkinson 06-11), Chad Vigano (Atkinson 06-11) and Dan Stern (Weymouth 09-12) accepted the invitation to be the house band for the evening and, as well as working with all the established and emerging talent at the school, entertained us with some of their own songs.

The pupils had worked extremely hard and

top quality performances were given by young Pop artists from all year groups. A special mention should go to the members of staff who devoted considerable rehearsal time to perfecting the numbers Big Yellow Taxi, Vincent and Haven't Met You Yet. Overall it was a stunning evening

of performances from pupils, staff and OMs. The future of Pop music at Mill Hill is very bright indeed.

Kevin Kyle (Director Musical Performance)

Michael Wong Felix Francis

Well done to OM Michael Wong (McClure 1977-83) who was selected to represent England at the European Seniors Badminton Championships in Portugal in September. Michael and his partner (pictured right) got to the third round beating a pair from Finland, then a pair from Poland, eventually losing to a German pair. The German pair made it through to the finals.

Michael hopes to get selected for the World Championships next year.

Felix Francis (Burton Bank 1966-71) is the younger son of thriller-writing legend, Dick Francis, with whom he co-wrote the last four Dick Francis novels, with Felix taking an increasingly greater role in the writing. *Damage* published in September 2014 is Felix's fourth solo Dick Francis novel. The books are best sellers on both sides of the Atlantic.

The School was honoured to welcome Felix and his wife Debbie in September 2014 to conduct a seminar on writing a best seller. Felix remembered conversations around the Francis breakfast table being somewhat unconventional. "The production of a Dick Francis novel has always been a mixture of inspiration, perspiration and teamwork.

The first one was published when I was nine, and I grew up in a house where breakfast talk would be about the damage a bullet might do to a man's guts rather than the more mundane topics of everyday life", he says. He also recalled that while in the 6th Form he and his physics teacher researched the creation of explosion on board an aeroplane which featured in one of his father's novels. Felix generously offered signed copies of *Damage* to those attending and provided one to the Old Millhillians Club.

Felix and Debbie enjoyed a tour around the School, which included a visit to his old House, Burton Bank, and to the Science Building. This was of particular interest to him as he spent a lot of time there before going on to study physics at London University and to teach it for 17 years.

They were given tea in the Old Millhillians Room and he enjoyed seeing the photographs of illustrious and successful Old Millhillians and is pleased to know that he will be joining them in 2015.

Tim Jones

Tim Jones (Collinson 1970-75) is now General Counsel of England 2015, the organising committee for the Rugby World Cup, and so continues the

long Millhillian connection with Twickenham. Tim retired from law firm Freshfields in 2013 after 32 years. His professional interest in major sports events came from leading Freshfields' ten year involvement in the preparations for London 2012. Rugby is of course familiar ground for Tim: he played in the School 1st XV for four years and went on to win two blues at Oxford as well as representing Wales B and the Barbarians. Tim is also Chairman of TourAid children's charity and trustee of Safer London; Connection at St Martins; and Access Sport.

Ben Glassberg & Philip Keller

Ben, in his final year at Cambridge, invited Philip Keller along as Guest Conductor, who was able to fulfil a lifelong dream in conducting an orchestra. Maestro, Ben Glassberg was certainly impressed and it made for a splendid night that was enjoyed by all. Both were former McClurians and Heads of School.

Ben conducts with the LYSO; an orchestra he put together sometime ago (see www.lyso.org.uk) performed recently at Saint Sepulchre-Without-Newgate Church on Giltspur Street in Central London to raise money for The National Children's Orchestras of Great Britain.

Nancy Wallinger

In November, Mr Graeme Turner (Housemaster of McClure) took the McClure Sixth Form to see 'The Play That Goes Wrong', being shown at the Duchess Theatre until the end of September 2015.

This was of particular relevance as OM, Nancy Wallinger (McClure 2002-07) is performing in the show and gives a fantastic performance. Mr Turner commented, 'It is a brilliant show with plenty of laughs and I would definitely recommend that you go and see it'. Nancy and the rest of the cast met up with them after the show and she really appreciated the visit.

Ashley Kumar

Another thespian OM also doing us proud at the moment is Ashley Kumar (Priestley) who is currently performing at Trafalgar Studios in 'East is East'.

Harry Melling

Harry Melling (McClure 2003-07) who after a critically acclaimed transfer off-Broadway and a sold-out run at High Tide Festival 2014 will be performing his play 'Peddling' at the Arcola Theatre in March.

Please keep your news coming – we are delighted to read about your achievements.

OM Golf Day vs MHS

The match took place at The Shire on Tuesday 23 September with 2 teams of 12. It was played in a great spirit and ended in a 3-3 draw. It was great to resurrect this fixture as we hadn't played this match in quite a few years. It was good to see some

of the younger members of the society playing and was possibly the strongest line ups we have seen in the match for many years. Both Anthony Ward and Dean Halford spoke in the clubhouse after about the importance of the match bringing the

OMGS and the School closer together. It was also nice to see former members of the common room, Dai Rees and Tim Corbett playing for the OMGS. We look forward to next year's match'.

Halford Hewitt

The Halford Hewitt is often called the greatest amateur golf competition in the World.

We are ranked 50th out of 64 and drew Berkhamsted, a team with a good reputation. Mill Hill lost two matches but won the fourth and fifth.

One up in the last, a missed putt by Berkhamsted sent us through. Round two was against Repton ranked number 12. After competing closely with them the result was a decisive 4:1 sending shock waves at Sandwich. We would probably be playing Charterhouse in the next round, the greatest of all Hewitt Schools.

They had a tough match against Whitgift and expected to win that, but they didn't!

At Deal and with the match at two all, the Ward Brothers were all square so everyone gathered on the 16th green. The hole was halved in par. Anthony's short drive on the 17th left Frank 240 yards into the wind over the bunkers. His 3 wood was one of THE great shots that course must have seen, carrying the bunkers and chasing onto the green only 15ft away from the pin. Whitgift hit over the back and after a poor chip, Mill Hill were one up. At the 18th Frank drove long but into rough and Whitgift were on the fairway. Their second shot however went towards a ditch. Frank's majestic long iron nearly landed in the hole. The Whitgift ball was found in the ditch and they had to drop back. In one of the great Hewitt

shocks Mill Hill beat Whitgift to earn a quarter final place.

We had no time to change shoes and had to grab a sandwich. The quarter final against Kings Canterbury was our last hurrah. The match was over quickly but it couldn't diminish our great achievement in beating three schools all ranked well above us.

Anything can happen in foursomes match play. We seldom have more than 10 names available to play in the Hewitt. Most teams whittle 20 or so, down to the 12 that make the trip. Our prospects rely on new people who feel they can compete, trying to make team selection.

It would be great to find some extra players who would like to experience this great event.

The 2014 Old Millhillians Shooting Club competition

OM Shooting Club

The Old Millhillians Shooting Club saw its inaugural competition on OMs day on the 20th September. Those that competed were Andrew Millet, Andy Wispianski, Guy Bewsher and Ken Bowley. The format of the day was .22 Prone 30 shots at 25 yards. After reminiscing and sharing shooting stories the competition started. All four competitors scored well but it was Ken Bowley who secured the winning trophy after scoring consistently on all three cards, scoring a total of 292 (out of 300). Special thanks goes to Anthony Norrington for making this all possible. We are hoping that this competition may become a permanent feature in the calendar; and that we might also have one or two other competitions during the year. If you, or anyone that you are still in contact with shoots .22 then please contact Andrew Millet on amillet@wisteria.co.uk.

(photos from the 2014 Old Millhillians Shooting Club competition)
Andrew Millet (Ridgeway 1981-86)

Totteridge Millhillians Cricket Club – TMCC

It was a mixed season for the 1st XI in the re-structured Saracens Hertfordshire league, now playing in the new Championship division, one down from the Premier. With 7 wins, 8 losses and 2 draws the side still managed a creditable 4th place though by its own standards this was slightly disappointing having finished in the top 3 since 2007. Steve Selwood, one of the best cricketers to come out of the School, secured the league batting award for some scintillating performances, amassing 911 runs at an average of 75.92, with a top score of 145*.

Doug Pyrke did an excellent job as new skipper of the 2nd XI and against tough opposition steered the side to a safe 16th place. Adnan Mohammed is a strong

contender for the Division 3 bowling award with 20 wickets at 9.10 and best bowling of 6-32. Also in the 3s, the ever youthful and reliable veteran, Steve Lyall, took 41 league wickets at 15.29, with best bowling of 5-22. Surely he's got another season left in him! Belmont pupil, Rudra Bhoja, became the first junior player from TMCC to be called up by Middlesex's U13 squad.

Rudra impressed both Borough and Regional coaches during two festivals to earn his place. He also made his senior debut in the 3rd XI, taking a wicket in the penultimate game of the season. The junior section, under the stewardship of Head Coach, Steve Selwood, goes from strength to strength with good numbers of players joining from nearby Belmont and Mill Hill.

The refurbished outdoor practice nets were dedicated to the memory of Tim Bunyard in August, with family and many friends of Tim's in attendance.

Once again, the Sussex Tour was a thoroughly enjoyable time, both on and off the field, with comfortable wins against Havant [yes, I know it's in Hampshire!] and Patrick Nolan's Preston Nomads side. Finally, the firework night attracted over 2000 spectators and was by all accounts 'the best ever'.

Anyone interested in joining the club, whether as a social member, junior, lady or mens' player can contact Steve via the website www.totteridgemillhillians.com.
Stewart Wernham (1974-79)

OMC Rugby

The 2014/2015 season started with a newly installed Chairman, John Gallagher leading the club. The 1st XV, playing in the Middlesex and Herts First Division, has struggled to compete with other clubs who have larger resources in terms of playing man power. The OMRFC is now an open club and we rely heavily on attracting guest players to supplement the small flow of players who come through Mill Hill School. The results in the season so far, have been a disappointment with only one match having been won, the remaining 8 being lost. The club needs more Old Millhillians to join as active players and, with the training ground at Allianz Park, the facilities are genuinely superb. Support is

needed in addition, from those who have now retired from playing but whose support on the touch line is enormously important to the players. The recently retired Chairman, David Webster, has kept the club moving forward in some of its toughest times and continues to be a pillar of strength particularly as he has remained in charge of the bar at Headstone Lane. There are no words sufficient to express the clubs gratitude for David's efforts and commitment towards this club. Please contact me if you and any OM friends would like to play for the OMRFC – your Club needs you!
Noyan Nihat (1982-88) – Honorary Secretary, OMRFC

Tag Rugby tournament on 18th October at Mill Hill School

After months of trials and tribulations, the inaugural Old Millhillians Touch Rugby Tournament kicked off on the sunny climbs of Top field in front of an impressive crowd. Not totally sure if they came for the rugby or the catering as both equally good!

The 5 teams that entered the group stage included the Teachers team led by Graeme Turner, the current Schoolboys 1st XV under Oli Matizzi, the 2008 graduates by Sami Aintaoui and Saul Zulman, the Old Millhillians which was a mixture of current OM players who are actively involved in Headstone Lane shenanigans, led by Joe Fitzpatrick and Max Coupe-King and finally the 2010 graduates, led by Alex Leighton with able support from Sam Rozenkranz, Seb Jacobs, Greg Walsh, Charlie O'Shea and many more.

Some breath taking rugby aided by some not so breath taking refereeing culminated in the Cup Final being contested between the Schoolboys and the 2008 graduates. The Plate Final was a skirmish between the Teachers and the 2010 team. The schoolboys superior fitness levels led them to the Gold prize with the 2010 team having too much nous for the bedraggled teachers who put

up a brave fight. A great day ended beautifully with the medal presentations and the cutting of the celebration cake devised by Alex Leighton in the shape of a replica Old Millhillians shirt, made of chocolate and vanilla sponge with chocolate and white horizontal stripes in the icing. Even the OM Crest was on the cake! Many thanks to the Theodorou clan eclectically servicing the barbeques with healthy options. A good time was had by all.

This euphoria carried itself into the Old Millhillians 1st team who recorded a massive win against a high flying Barnet opposition shortly after the tournament had come to an end. Great Rugby, Great Food and Great Fun – what more do you need? See you all next year. Please contact me if you would like to take part next year.

Pany Theodorou (Murray 2005-10)

OM Sponsorship Fund for young OMs & recent leavers

Tu Linh Nguyen (Collinson 2010-14)

I was anxious and nervous not knowing what to expect for the seven weeks I was going to spend in Madagascar volunteering for ReefDoctor. I had the most incredible seven weeks adventure in this little village of Ifaty on the Bay of Ranobe, South Madagascar.

The journey to the ReefDoctor site was not easy, mostly due to the lack of French I possessed and the general transportation in Madagascar. However, I was welcomed in almost instantly by other volunteers and staff, and soon enough, it seemed like I had been here for ages.

Within the next few weeks, I was required to complete my Science Training which means learning to identify different types of corals, invertebrates and fishes to be recorded in the monthly survey. The training period involved doing underwater IDs, mimic transect line, coral table cleaning and passing an exam at the end.

Every morning, we would get up early and dive. It was a mental challenge everyday to jump down into the cold winter water at 6 in the morning but it was always worth it! Our dives were conducted within the lagoon on a few specific Marine Protected sites close to ReefDoctor.

Life is very simple in the village of Ifaty. The village comprised of roughly 300 inhabitants called the Vezo which means they are a fishing village. The locals speak mainly Vezo dialect with a little bit of French. They live in thatched leaves hut close together extended inward from the Bay with only one primary school built with help from ReefDoctor after a storm destroyed it.

At ReefDoctor, we lived in huts just like the villagers. There is no electricity line or running water, everything was done by hand. We get to charge our phones for three hours a day, no Internet, shower by taking a bucket and no light. Every evening we had dinner in the most stunning sunset by the sea waiting as the night full of stars take hold.

Alongside with our daily work, volunteers were also encouraged to get involved as much as possible with other projects. This meant helping the aquaculture project, which involves a strenuous trek through an extensive seagrass bed amidst the fear of stepping on sea urchins, to build sea cucumber and seaweed farm. Several days of the month were dedicated to fisheries where we would wait to ID the fishermen's catches to build up data in the monthly survey.

I have learnt so much about the marine environment and the coral reef system within just a few weeks.

The most memorable moment for me was the release of two incredibly beautiful turtles back to the sea. On top of that, seeing a extraordinary pair of humpback whales – mother and calf on one of our dives was just unbelievable. Everyday, I got to sit by the sea and watch the stunning sunset go as the starry night took hold. Then there was the mind-blowing scenery.

I felt immersed in the Malagasy culture and was so sad I had to part with all the friends I've made at ReefDoctor.

If you are a young OM or recent leaver who is taking a gap year or a challenge to raise money for charity or indeed any worthwhile adventure, you can apply to the OM Sponsorship fund. The Club offers up to £300 towards the cost of undertaking the activity. It is important to note that the money is for the OM not the charity. All you need to do is complete a form and if successful, submit a short article with some pictures for Martlet.

In the past we have had medics on their elective years, OMs raising money for various charities by climbing Mount Kilimanjaro and up to Everest Base Camp, an OM who undertook research on species of fish in Fiji, work experience in Hong Kong and an archeological dig in Italy!

The lessons I've learnt from this trip:

1. Things never go to plan but relax, that's part of the fun!

Getting around Madagascar rarely ever goes according to plan. I have learnt to stay calm and have a laugh because virtually every single journey I have taken has been 'interesting'.

2. Learnt the local language

This was definitely my gateway into the Malagasy culture. As part of our work, we held English lessons for children and adults from the village. My basic Malagasy proved to be very useful to translate some words in English into Malagasy. In returns, the kids taught me how to count in Malagasy!

3. The People

I have to say the most important component of my whole experience was all the people I met over the 7 weeks. I have made so many friends and was inspired by so many for their love for the ocean and the environment from all walks of life.

Thank you for giving me the most incredible experience in Madagascar that I could ever ask for. Without the generosity from the Old Millhillian and the support of my friends and family, I wouldn't be able to have had such an opportunity.
